

## Examination Arrangement \*

### (i) Make-up Examination

1. The School normally does not entertain request from individual students for alteration of examination date / time.
2. If a student is unable to attend an examination due to extenuating circumstances, a request for make-up examination should be submitted to the Registry **prior to the scheduled examination**. For emergency situation that occurs on the day of examination and results in a student's absence in the examination, an application for make-up examination should be submitted **within 1 week after the scheduled examination**. All applications should be accompanied by valid supporting document(s) to certify that the student is unable to attend the scheduled examination, for example, an employer's letter in case of a business trip, a sick leave certificate issued by a medical practitioner in case of illness. A handling fee of HK\$200\* per course will be charged. The School will not accept application on the ground of travelling.
3. A course may end at a date later than it is originally scheduled (owing to reasons such as postponement of classes / examination due to adverse weather or the instructor's leave of absence). The School would normally not accept any applications for make-up examination if the concerned examination has been postponed for not more than two weeks.
4. Upon approval of application, the student concerned will be notified of the date and time of the make-up examination.
5. Make-up examination of Autumn Term 2017 will be arranged on 28 Apr 2018 (Sat). Approved students are required to attend the make-up examination on the designated date while no further examination will be arranged for a student if he / she is absent from the make-up examination as scheduled. The application fee will not be refunded.
6. The application form for make-up examination can be downloaded [here](#).

The concerned students are required to follow the relevant procedures for taking supplementary examination and paying handling fee by the stipulated deadline. No further supplementary examination will be arranged for a student should he/she fails to complete the required procedures by the stipulated deadline or be absent in the supplementary examination as scheduled.
2. Students are allowed to take supplementary examination for a maximum of one course per term. Grade D is the maximum grade for the course after supplementary examination.
3. If a student fails in supplementary examination, he/she will have to pay the tuition fee to retake the course. In this light, students might have to extend their study period or even be unable to complete the entire programme. Moreover, the related course contents and tuition fee are subject to change.
